INTRODUCTION OF GNC

Gulf Namar Contracting founded in 2011

The company became widely regarded as a major player in the industry of construction and contracting in KSA. Today, after 14 years of continuous activity, we managed to establish a chain of trust, reliability and integrity with all our clients.

We professionally executed many projects from private residential units to large commercial towers; And based on the philosophy saying that "Success Breeds Success", we consider each of these projects an added value to the company, and an incentive towards bigger projects and diversified fields.

Needless to say that GNC is a company that prides itself on its name, its team and its clients.

Our teams of professional Sales and Operations individuals are equipped with the expertise and knowledge to service many requirements within the General Contracting along Electro-mechanical. GNC is a company committed to continuous improvement to ensure, deliver the highest standards of service at all times. We ensure personnel proficiencies through product and system training, including any latest developments in the marketplace through our dedicated training facilities as we continue to develop.

Economic growth throughout the world this century has brought new industrial technology, increased competition and hazardous working environments. This has resulted in tighter regulations and new worldwide legislation enacted to protect lives, the environment, and property.

Our objective is to execute all types of projects in a professional way that exceeds clients expectations, and to efficiently maintain and operate the facilities of our clients through proper planning, scheduling and preventive measures.

INTRODUCTION OF GNC

Quality Assurance/Control

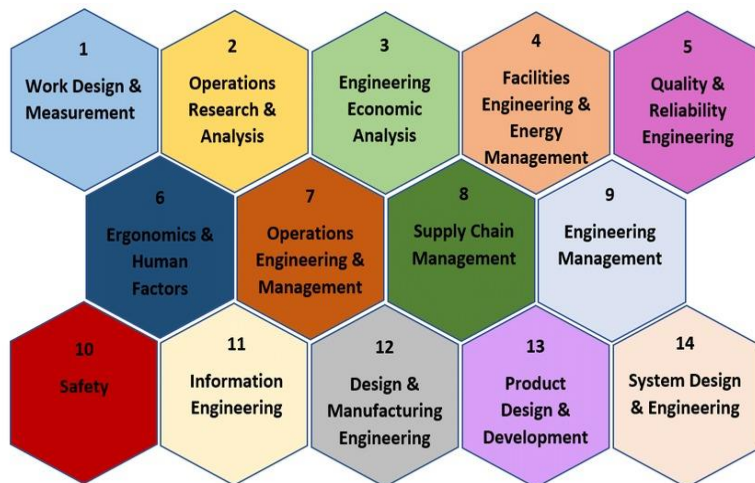

A logical progression of the processes involved during contract execution is presented in a Quality Plan. GNC develops project-specific Quality Plans based on the contract specifications and requirements, which enable the team to monitor engineering, procurement and manufacturing activities.

Installation and Commissioning

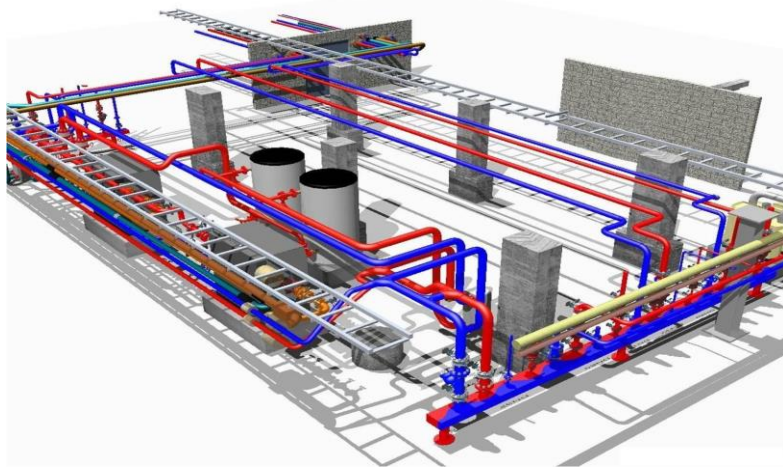

[Gulf Namar Contracting Company Offers]

- Design
- Supply
- Site installation
- Site supervision
- Own labor force
- Full on-site commissioning
- In-house training of clients/operators
- On-site training of clients/operators
- Maintenance contracts

Design Capabilities

GNC can fulfill the client requirements and specifications as a basis to carry out full design and produce detailed working drawings using the latest softwares.

VISION & MISSION

Vision

We want to reach the pinnacle of continuous progress with advanced and modern technology and we want to create a global leading organization along with serving people with our expertise.

Mission

We have been in Kingdom of Saudi Arabia market since long time and our aim to satisfaction of our client on time. We focus on providing the services with highest efficiency, equipped with latest technologies and making sure safety & security also Quality is being maintained highly.

Values

ORGANIZATION CHART

GNC ORGANIZATION CHART

THE BUSINESS NATURE OF CIVIL & FINISHING WORK

GNC provides all types of Civil (Infrastructure) & Finishing Work.

Our portfolio of solutions and services include:

- Infrastructure
- Civil Foundation Work
- Steel Structure Work
- Road Construction Work
- Asphalt Work
- Foot Over Bridge Work
- All Kind of Finishing Work
- Cladding Work
- Painting
- Gypsum & Cement Board Work
- Marble & Granite Work
- Decoration
- Ceiling Decorative Design
- Epoxy Paint
- Tiles Work
- Wooden Decor
- Plastering
- Concrete Screed
- Waterproofing
- Interior Design & Work

THE BUSINESS NATURE OF MEP WORK

GNC provides all types of Fire Protection, HVAC Systems, Electrical and Plumbing as well as state-of-the-art Security and Integrated Telecommunications Solutions to a wide range of market sectors such as Oil & Gas, Commercial, Telecommunication, Transportation Facilities, Industrial, Power & Water and Marine. Our portfolio of solutions and services includes:

- ✓ Fire Protection Systems
- ✓ Fire & Gas Detection Systems
- ✓ Fire Fighting Equipment
- ✓ Fire Suppression System
- ✓ Deluge Systems
- ✓ Foam Systems
- ✓ Fire Monitor Systems
- ✓ HVAC System
- ✓ Chilled Water System
- ✓ Refrigeration & Air Conditioning System
- ✓ Ducting Network System
- ✓ Copper Piping Networks
- ✓ Plumbing System
- ✓ Irrigation System
- ✓ Water Treatment
- ✓ Industrial Water Supply
- ✓ Industrial Pipelines
- ✓ HDPE Pipe Work
- ✓ FRP, GRP Pipe Work
- ✓ Swimming Pool Water & Drainage system
- ✓ Electrical System
- ✓ Low Current System
- ✓ Low Voltage System
- ✓ Telecommunications System
- ✓ Fire Alarm System
- ✓ CCTV System
- ✓ Industrial Power Supply
- ✓ Street Light Network
- ✓ Building Management System (BMS)
- ✓ Access Control Systems
- ✓ Power Distribution
- ✓ All kind of external under-ground works

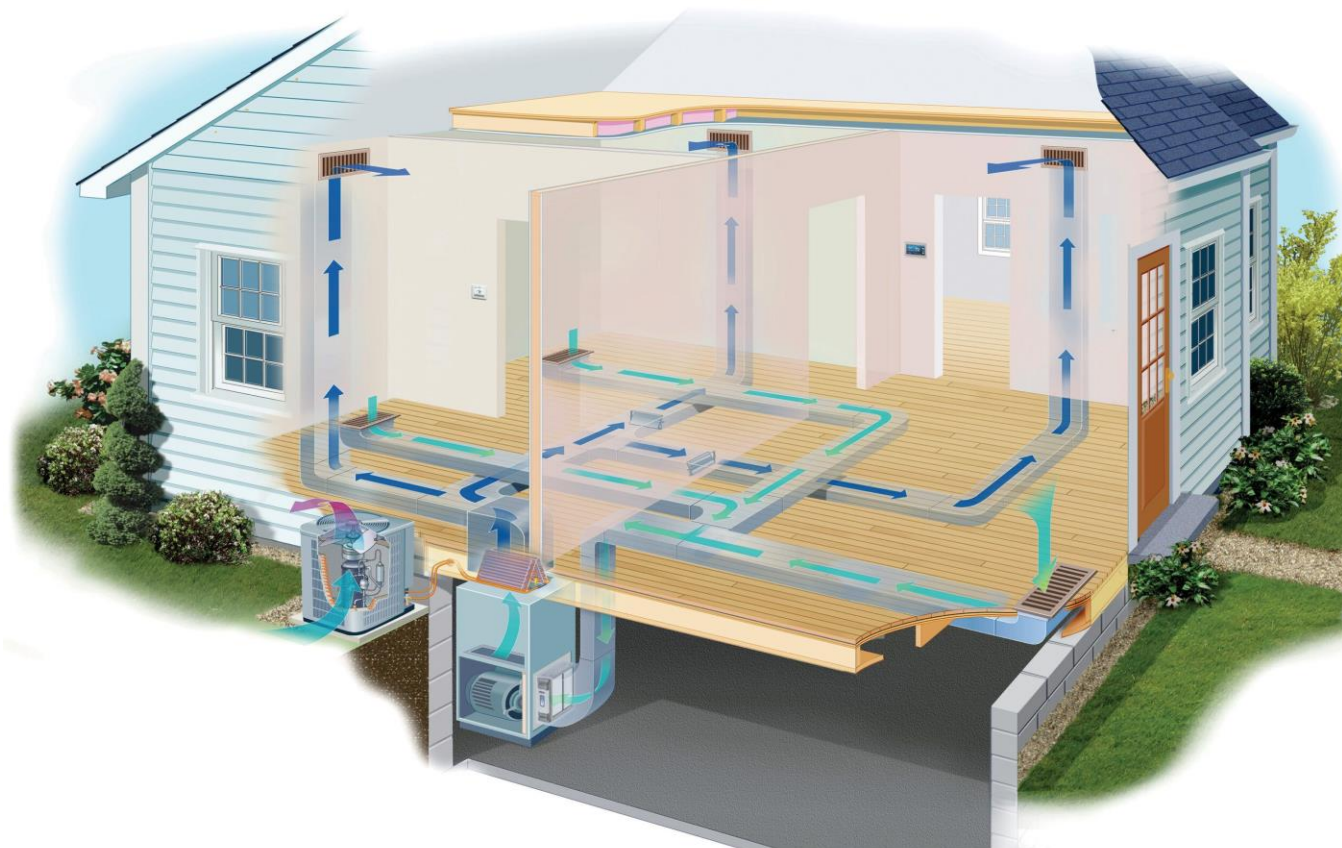

Gulf Namar Contracting Company Provide extraordinary services in Air Conditioning or HVAC systems

**GNC have highly qualified HVAC specialized division,
we can provide all kind of HVAC solutions for Installing
& Maintenance services along supply of units.**

CENTRAL AIR CONDITIONING

The HVAC Systems Contains

- Central Air Conditioning
- Air Handling Unit
- Fan Coil Unit
- Dehumidifier
- Air Filtration System
- Chillers
- VRF / VRV System
- Ducted AC System
- Split AC
- DX Unit
- Inverter / Non Inverter Ducted Package Ac system
- Refrigeration (cool rooms and freezer rooms)
- All aspects of building compliance maintenance

Window AC

Spit AC

Cassettes AC

Tower AC

DX Ductable Ac

VRV/VRV

Air-cooled & water cooled Chillers

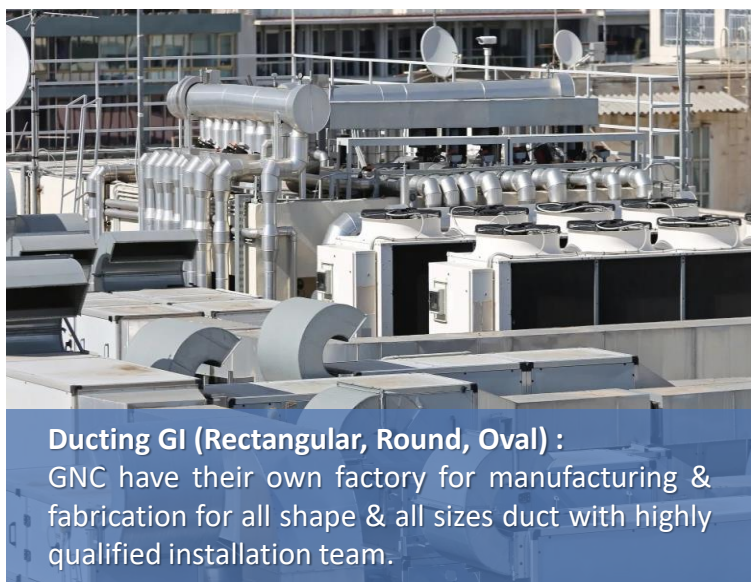

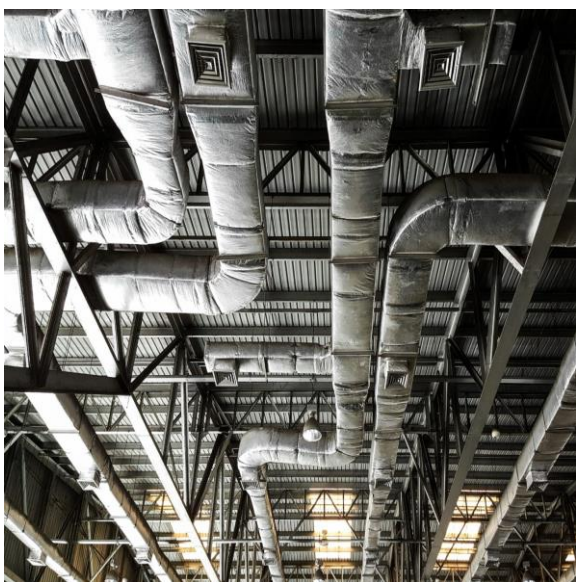

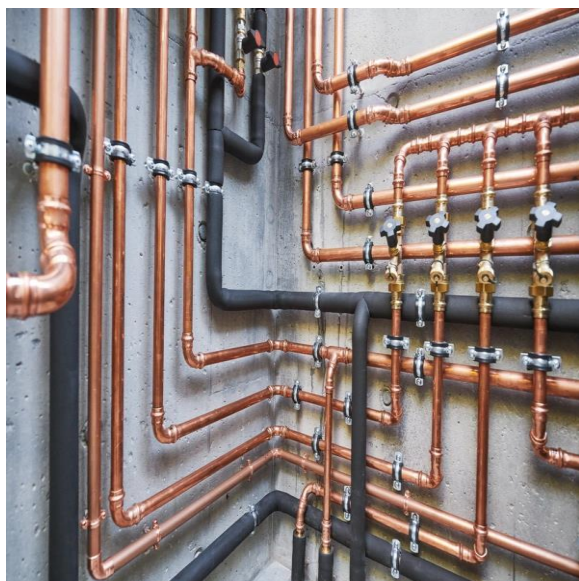

We provide a high level of service to all our clients and this is underpinned by the number of buildings where we have ongoing relationships for service, installation, upgrade and design of mechanical, electrical and fire related systems. Our routine testing and maintenance procedures are supported by an effective after-hours emergency service wherever required.

COPPER PIPING & DUCTING WORK

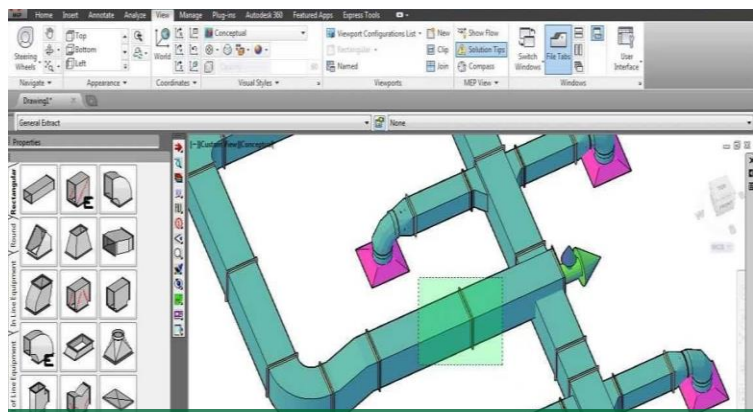

Copper Piping:

We have a highly qualified engineering & technical teams for installing along supply all kind of copper piping work.

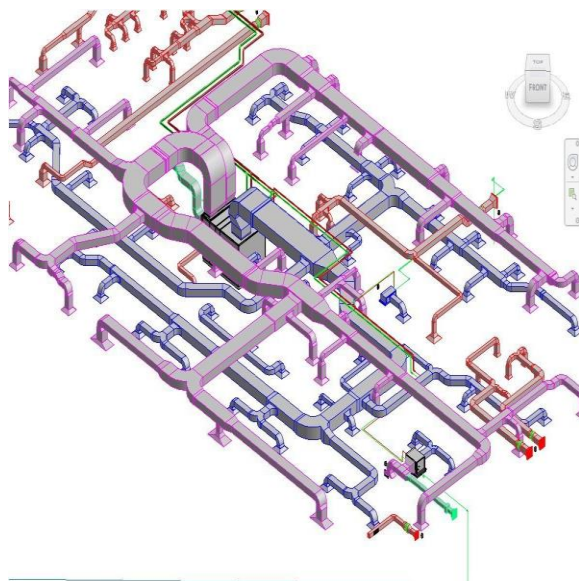

Ducting GI (Rectangular, Round, Oval) :

GNC have their own factory for manufacturing & fabrication for all shape & all sizes duct with highly qualified installation team.

Duct Designing in AUTOCAD :

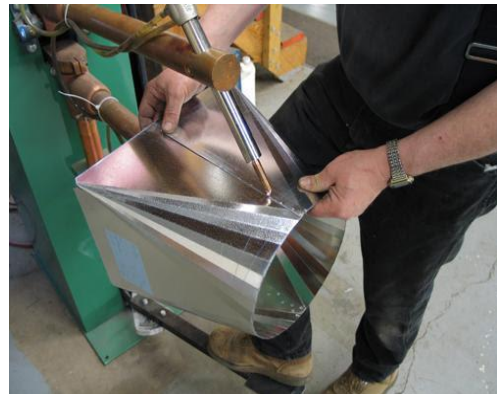

We have team of highly qualified designer for duct designing, we use technical method for designing the same as per air velocity in CFM/CMH.

DUCT FABRICATION WORK

GNC is a reputed Duct Importer, Fabrication, Supplier in Saudi Arabia. We have skilled manpower with a highly advanced technology duct workshop.

FIRE PROTECTION SYSTEMS

GNC have highly qualified Engineering & Technical team for Fire Protection system, we can provide all kind of Fire protection solutions for Installing & Maintenance services along supply of materials.

FIRE PROTECTION SYSTEM

The Fire protection System Contains:

- Fire Water Pump
- Sprinkler Network System
- Deluge System
- Fire Suppression System
- Novec System
- FM200 System
- CO2 System
- Wet Chemical System
- Extinguishing System
- Aerosol System
- Fire Hydrant System
- Fire Doors
- Fire Hose Cabinets
- Foam System

FIRE DOOR SECURITY

As part of our services, we have a highly qualified teams for Fire door security systems along with supply of all the materials related to fire door.

- ✓ We make sure that all locks are functioning well. Fire doors that are correctly fitted last longer and are easier to maintain.
- ✓ As fire door contractors, we ensure there are no gaps in your walls or doors. Openings may allow the entry of fire, so we make sure there aren't any.

THE LATEST IN FIRE DOOR TECHNOLOGY

- ✓ We will ensure that the design of the fire doors fit the interior design of your company as comply with NFPA and SBC.
- ✓ If your doorways aren't of standard width and height, don't worry – we can get your fire doors custom-made to fit any opening, ensuring a smooth fire door installation.

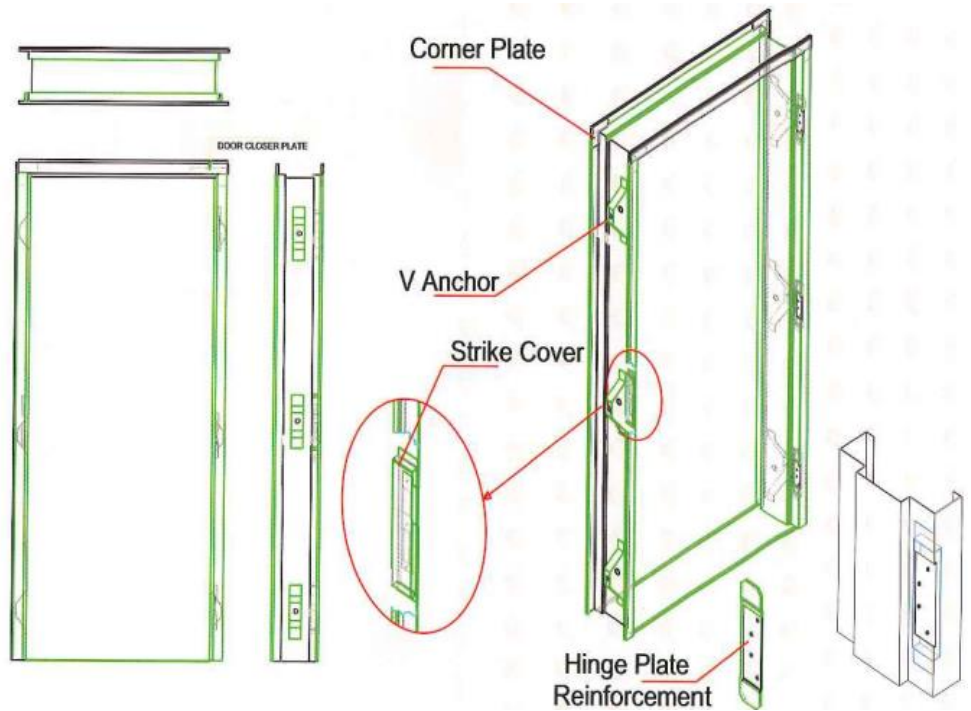

FIRE DOOR SECURITY

Fire Door Surveys
Fire Door Inspection
Fire Door Maintenance
Fire Door Supply

Our fire door teams are thoroughly trained and competent. Making sure your fire door installation goes smoothly and successfully. All of our fitted fire doors have a label to demonstrate that the door is certificated.

FIRE DOOR INSTALLATION

Our fire door installations team of fitters work directly for Arrow Services, and we guarantee (for complete peace of mind) the following with our fire door installation services:

PLUMBING SYSTEMS

GNC have highly qualified Engineering & Technical team for Plumbing system, we can provide all kind of plumbing solutions for Installing & Maintenance services along supply of materials.

PLUMBING SYSTEMS

- Portable Water Supply Networks.
- Sewage Water Network.
- Storm Water Network.
- Irrigation System with Water Sprinklers.
- Sanitary Fixing.
- Water Leak Detection.
- Hot & Cold water Circulation.
- Swimming Pool Water Circulating Network.
- Water Heater.
- Booster Pump, Lifting Pump and
Other All kind of Plumbing Pump.
- All Kind of Industrial Pipelines.
- Drinking Water Cooler.
- Central Water Heater.
- Domestic Water Supply.
- Water Tank

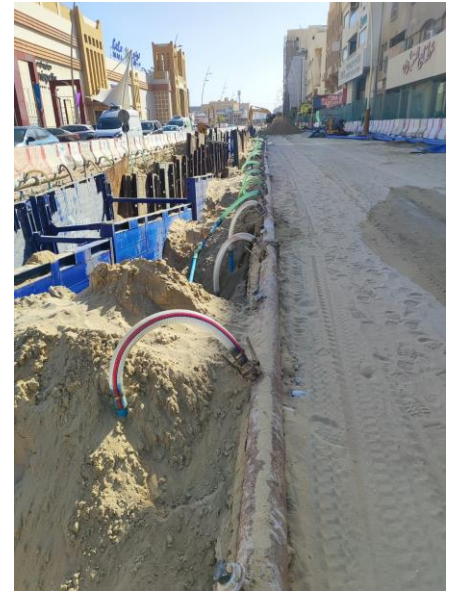

DEWATERING & SHORING

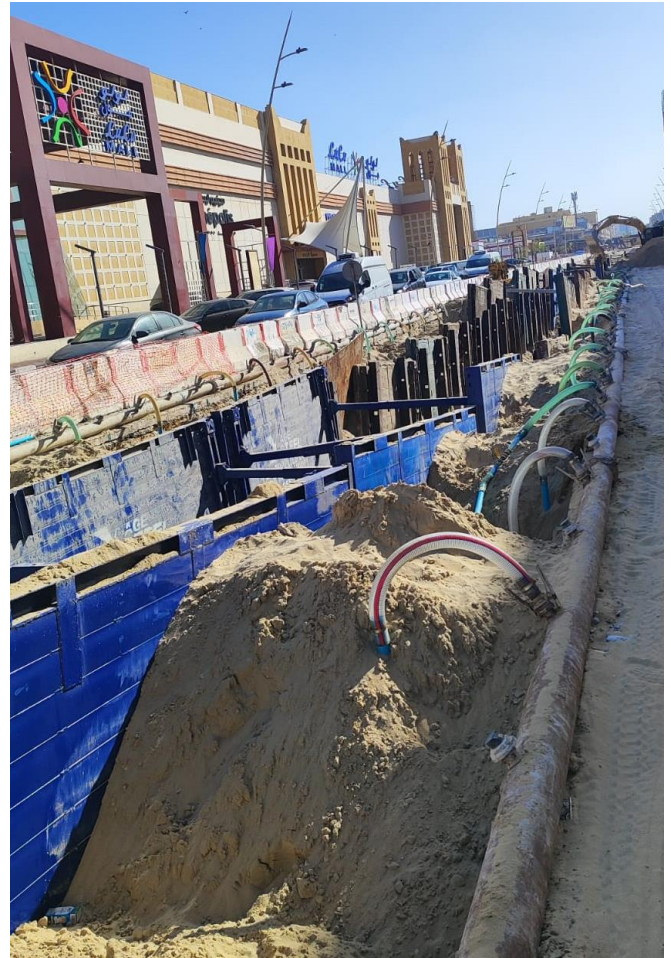

The natural geographic structures of Saudi Arabia, especially sea-side cities and suburbs, often have high level of ground water presence. Excavation in high ground water level is other Challenge dimension and has to be solved in an efficient way and the least time possible.

GNC specialized personnel with the latest version equipment's are available to the demand of such situation to execute efficiently the works of excavation with various type of support dewatering and shoring systems, (steel driven piles up to 16m depth, trench box, trench liner, single and multi-stage dewatering system as required).

Gulf Namar Contracting Company (GNC) is an expert in choosing and implementing the right solution for dewatering. Dewatering is the process of removing groundwater from a job site using a dewatering system. When groundwater infiltration threatens safety and progress, we have the expertise to engineer and design a custom dewatering system to solve your groundwater problems.

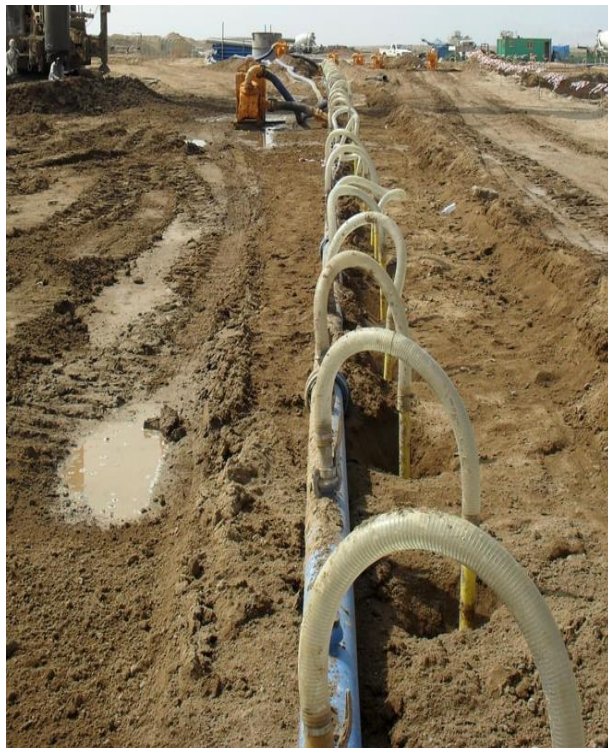

DEWATERING & SHORING

GNC minimizes your project risks by creating dry, stable conditions for excavations. Whether it's rain accumulation or hydraulic groundwater intrusion, GNC draws upon decades of experience with all types of dewatering services.

The company's expertise includes shallow wells, vacuum wellpoint systems, deep wells, and sump dewatering. More than just technical solutions, GNC provides complete, hands-off service. The correct dewatering system is designed, installed, and operated for the life of the project, allowing customers to forget about water problems and focus on what they do best. GNC has the capability to do any kind of temporary and permanently shoring to support a building, vessel, structure, or trench with shores (props) when in danger of collapse or during repairs or alterations. According to customer requirements and cost-effectiveness, we can offer various options of shoring such as sheet piling, consequence concrete pile, soldier wall (timber wall shoring), rock shoring, etc.

Our expertise in shoring of deep excavation is derived from the necessity to retain the sides of open excavations. GNC own modern equipment geared to driving horizontal or angled anchors and nails, along with tensioning jacks necessary of the construction of deep basements.

GNC's expertise includes the design and execution of:

- Shoring system and tie-back anchoring
- Sheet Pile cofferdams
- Secant Piles
- Diaphragm walls
- All grouting works
- Stability of rock slopes

GNC possesses in-house capabilities to design grout mixes suitable for a variety of ground conditions and multipurpose high pressure grouting operations. Our engineers are well experienced in the design and implementation of dewatering schemes for open excavations using techniques ranging from open sumps to well point and deep well systems. Where well points systems are deemed to be necessary

HDPE SUPPLY & INSTALLATION SERVICES

HDPE Pipe Installation Services

GNC have expanded our expertise through in-house experience of HDPE installation services since its inception. We have worked with many main contractors and are a highly regarded sub-contractor for major construction projects in KSA.

We offer our HDPE Supply & installation services to the regional construction, industrial, water and waste water industries. We carry out HDPE pipeline installation & welding services with Butt Fusion & Electro Fusion techniques. Our operations team consists of skilled, qualified and certified technicians with the know-how of up-to-date technology and are experienced with precise accuracy and perfection for the works.

HDPE SUPPLY & INSTALLATION SERVICES

Our team of expert engineers & technicians being very well aware of the importance & criticality of the job are committed to provide prompt solution & service within the time frame.

HDPE Welding and Jointing Services

GNC has Expertise in all HDPE-related maintenance, Welding and Jointing works. Several types of joining methods are available for HDPE pipes and it depend on the size and type of application. The first common type of Joining HDPE pipe is Mechanical Joining which compose of Compression type and Flange type, and the other is the Permanent Joining which compose of Butt Fusion Welding and Electrofusion Welding.

FIBER GLASS INDUSTRIAL SERVICE

GNC with a Team of Well Experienced and Qualified Professionals Worked in Various Projects, GNC Offers GRP pipes services include all fiberglass pipe mainly GRP, GRV, GRE, and RTR pipes.

- + Installation of Underground GRP pipe
- + Installation of Aboveground GRP pipe
- + Repair

Installation of Underground GRP pipe

Pipes will be installed as per the guidelines provided in the international standard AWWA M45 which is summarized below.

- ✓ Trench Excavation.
- ✓ Bedding.
- ✓ Laying.
- ✓ Joining.
- ✓ Backfilling and compaction.
- ✓ Installation of Aboveground GRP pipe.
- ✓ Repair of GRP Pipe.
- ✓ Tanks and Spool.

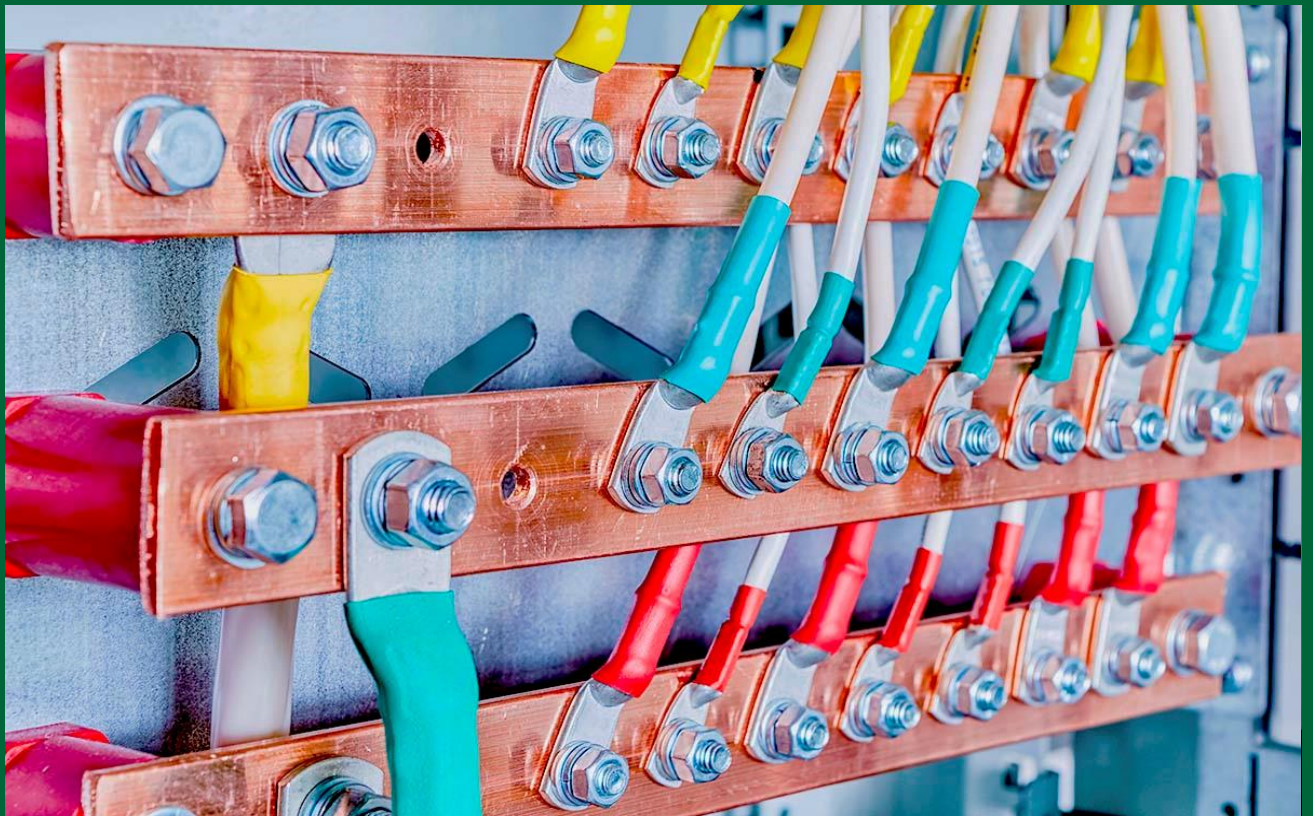

Third Party inspection of long-term GRP pipe tests.

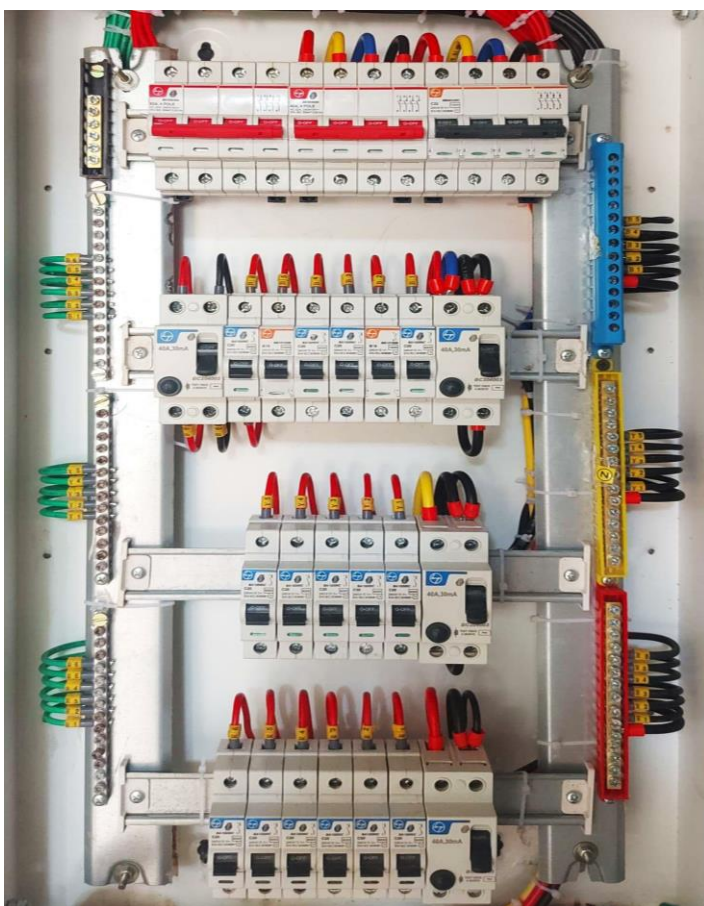

GNC Providing Inspection at various stages of long-term test like HDB test, Strain Corrosion and Creep test also verification of calculation to predict the long-term properties of GRP pipes as per the guidelines in ASTM standards mentioned below.

- + ASTM D2992: Standard practice for obtaining Hydrostatic or Pressure design basis for fiberglass pipes and fittings.
- + ASTM D2584: Destructive Examination – Gel Test
- + ASTM D2583: Hardness Test

POWER & ELECTRICAL SYSTEMS

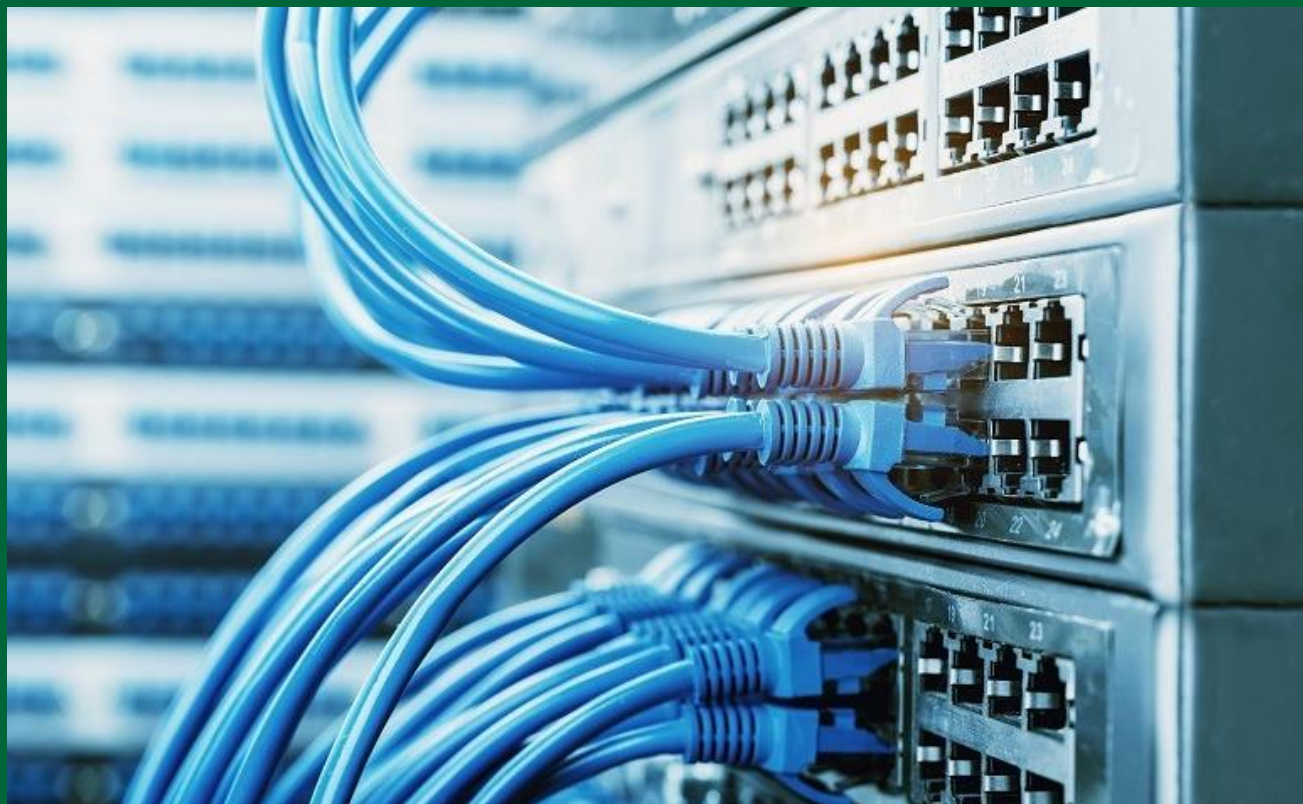

The Electrical Works Contents

- Electrical System.
- Transformer.
- Conduit Networks.
- Wiring System.
- Cable Pulling.
- Cable Tray work
- Panel Boards.
- Circuit Breakers.
- Switch & Sockets.
- Lighting Fixtures.
- Street Light Network.
- Low Current System.
- Fire Alarm System.
- CCTV System.
- Sound System.
- Building Management System (BMS)
- Security System

LOW CURRENT SYSTEM

LOW CURRENT SYSTEM

Low Current Services by GNC Contracting Company

Gulf Namar Contracting Company is a leading provider of low current services in the Kingdom of Saudi Arabia. Our expert team of professionals specializes in designing, installing, and maintaining low current systems for a wide range of applications in residential, commercial, and industrial projects. With a focus on safety, efficiency, and innovation, we strive to deliver state-of-the-art low current solutions that meet our clients' unique needs and requirements.

Comprehensive Low Current Solutions

Our low current services encompass a diverse range of systems and applications, including:

Security and Surveillance: We provide cutting-edge security systems such as CCTV, access control, and intrusion detection to ensure the safety and security of your property and occupants.

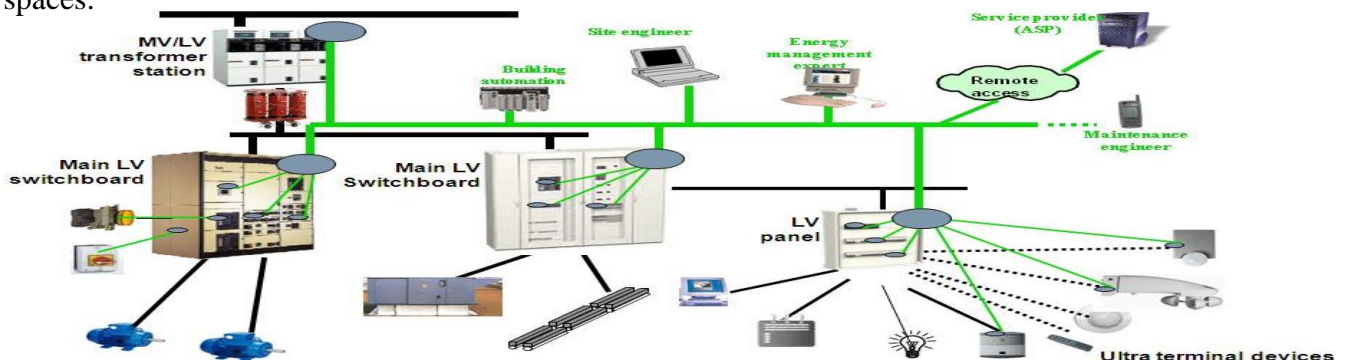

Fire Alarm and Safety: Our team is experienced in designing and installing fire alarm systems and emergency lighting solutions that comply with local regulations and international standards, ensuring the safety of your building and its occupants.

Data and Networking: We offer comprehensive data and networking solutions, including structured cabling, fiber optic installations, and wireless networking systems, to support seamless communication and data transfer within your facility.

Audio-Visual Systems: Our low current services also include designing and installing high-quality audio-visual systems for conference rooms, auditoriums, and other commercial spaces.

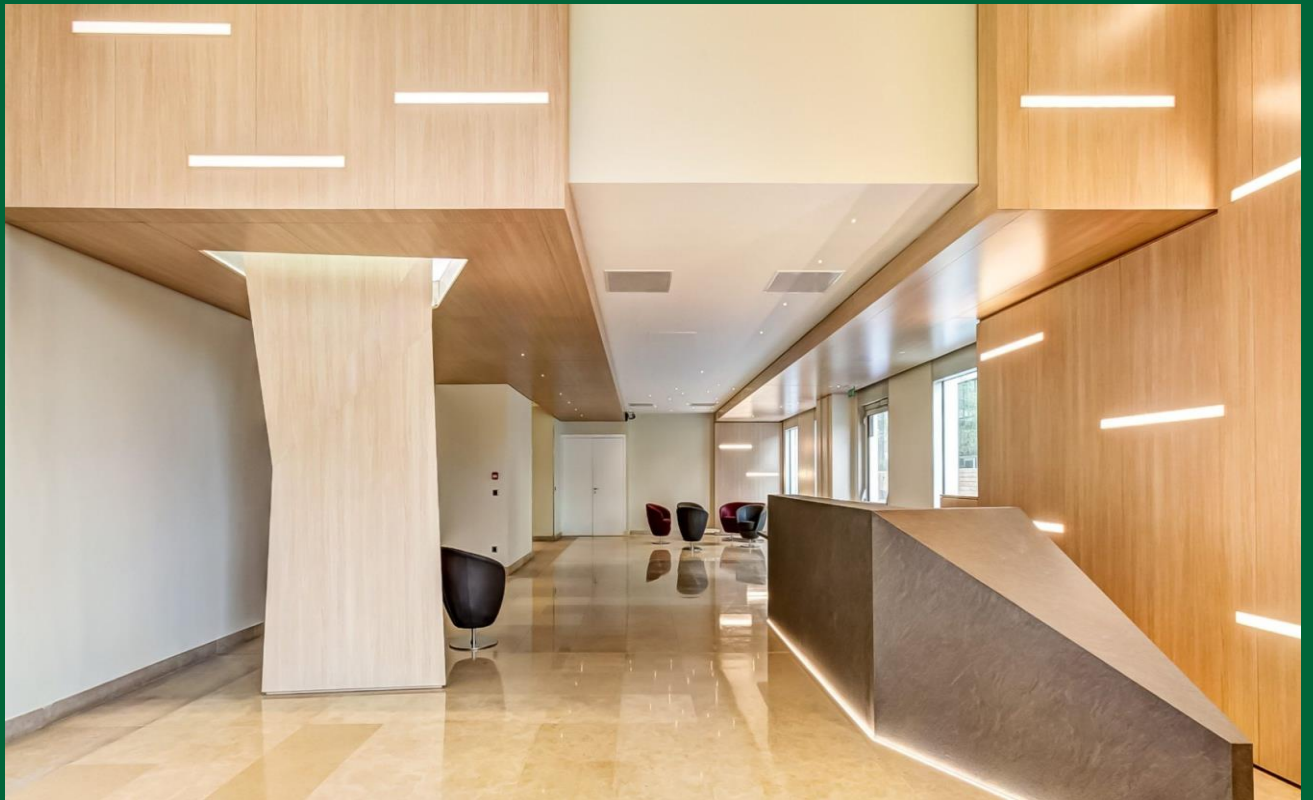

Building Automation and Control: We provide advanced building automation and control systems to optimize energy efficiency, comfort, and security in your facility.

Public Address and Paging Systems: Our team specializes in designing and installing public address and paging systems to ensure clear and effective communication in large-scale facilities or public spaces.

FINISHING WORKS

FINISHING WORKS

Finishing Work Contains:

- Interior Design
- Painting
- Epoxy Paint
- Gypsum Board
- Cement Board
- Handrail
- Glass Work
- Wooden & Aluminum Doors
- Windows
- Building Cladding
- Signboard
- Furniture
- Wooden Decoration
- Tiles & Granite Work

CLADDING, GLAZING AND GLASS WORKS

GNC is one of the Best service provider of Residential & Commercial Cladding Services, Commercial Glazing Services and Structural Glazing Services.

We carved a distinct niche for ourselves in the industry by offering a range of top notch quality Cladding & Interior services that are at par with the industry standards. Owing to the industrial expertise of our dexterous professionals, we are able to develop a consortium of quality driven services that are innovative and extremely cost effective.

Our Customer requirements and demands are precisely studied in detail, which helps us develop a range of services that delights the customers. We make use of advanced tools driven by cutting-edge technology to ensure the execution of impeccable quality services in conformation with the industry standards.

DOORS & WINDOWS

GNC is a leading company of high-quality windows and doors, offering comprehensive solutions for both residential and commercial building projects. With a commitment to excellence, we deliver & install competitive factory-direct prices to wholesalers and distributors worldwide.

Choose GNC as your windows and doors supplier & installer to gain access to an experienced team that work together with your project, and help you win your market.

- EXTERIOR DOOR
- METAL DOOR
- SECURITY GATE
- INTERIOR DOOR
- WOODEN DOOR
- ALUMINUM DOOR

BLOCK WALL & BOUNDARY WALL WORK

We have masons who are skilled and knowledgeable in various types of blocks and have been serving the area for over 10 years. We have built our solid reputation by helping commercial clients, homeowners and industrial properties receive the masonry results they need. We consistently complete projects for commercial and residential builders to produce warm, outdoor entertainment areas and more. We pride ourselves on providing quality masonry services and remarkable craftsmanship.

We work on your commercial or residential project, we will ensure that you are satisfied. We not only meet your block masonry needs but also exceed your expectations. We pay close attention to your preferences and work onsite with the architect, estate manager, general contractor, interior designer and management company.

Saudi Aramco E-Reference No. 0003807

Registration Approval Letter

May 20, 2021

Attention : GULF NAMAR CONTRACTING EST

CR Number : 2050121992
Supplier Type: Service Provider Only
Country : Saudi Arabia

We are pleased to inform you that GULF NAMAR CONTRACTING EST is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10068323, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Moamar Khazal Al Usaimi, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
